- ▽ To readily identify themselves as media personnel, all press and/or media members are requested to wear the official bibs and ID badges provided by the sponsors.
- ▽ Media coverage of athletes is prohibited before the regatta commences, and this includes while they are standing by to check on wind conditions.
- ▽ Do not enter the boat park located at the harbor without permission.
- ▽ Coverage of the regattas at sea is enabled by applying for permission to board one of the press boats arranged by the sponsors. All media personnel must comply with the guidance and instructions of the staff when onboard the press boats.  
Note: Each press boat has a maximum passenger capacity; therefore, there may be situations when media personnel will not be able to board the craft.
- ▽ News coverage from aboard private boats is not allowed as is coverage while riding along in a coach boat of a team.
- ▽ Sponsors will establish mixed zones for the media at each regatta and event. The locations of the mixed zones will be posted at each regatta and event.

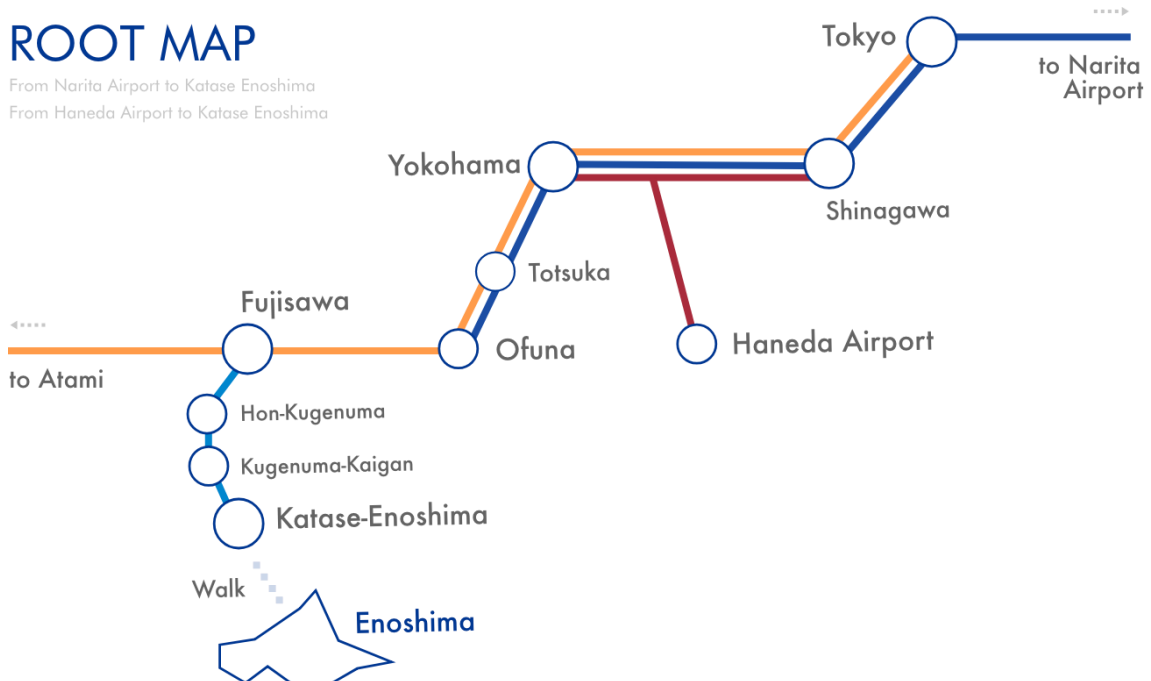

- ▽ At the same time the athletes representing Japan in the Tokyo 2020 Olympic Games are announced, a concurrent interview with them is scheduled after the announcement ceremony.

### Media coverage outside of the regattas

- ▽ Outside of covering the regattas, all press and/or media members are requested to contact the JSAF Olympics Strengthening Committee's Public Relations Representative for details about coverage related to athletes selected for the 2020 Olympics, or for any other questions regarding the selection of athletes representing Japan.

The Public Relations Representative will provide details about athletes that press and/or media members wish to interview and will assist with scheduling but please be aware that not all requests for interviews will be granted due to time constraints, etc.
